19. SUMMARY

(Leave blank)

(NO FOREIGN DISSEM) The Austrian Tass correspondent Jawalovsky mentioned in a review of confidants, that the Soviet Embassy in Vienna, AUSTRIA, is keeping the four functionaries of the Red Chinese Trade Delegation in Vienna under surveillance, using approximately one dozen trained agents. The reason for this surveillance is information obtained by the Soviets that the Red Chinese in AUSTRIA were looking for, and have found, contacts with exiled Ukrainians. The Soviets are extremely anxious to find out what intentions the Red Chinese have. So far, the Soviets allegedly only found out that the Red Chinese have purchased through go-betweens all publications they can get a hold of, even back issues, printed by the Russian, especially Ukrainian, emigration organizations in AUSTRIA and WEST GERMANY. They also are attempting to gain possession of mailing lists of such publications.
